

# IPOKRaTES

## Clinical Seminar

Foundation

## State of the art in prevention and treatment of neonatal lung, brain, and gastrointestinal disease

Hotel Villa Michelangelo, Arcugnano, Italy  
16-18 January 2023

### Objectives

IPOKRaTES seminars provide high-quality postgraduate education, which enables professionals to keep abreast on the most recent developments and offers participants the opportunity to discuss clinical problems and scientific issues personally with international experts. Emphasis will be made on providing a comprehensive and structured approach to the (patho)physiology and treatment of respiratory, cerebral and gastro-intestinal conditions presenting at or shortly after birth
